Lingnan University is the liberal arts university in Hong Kong and we have the longest established tradition among the local institutions of higher education. It is ranked:

- 3rd in the World for Quality Education (THE University Impact Rankings 2021)
- Top 8 Outbound Exchange Students (2020 QS World University Rankings: Asia)

Meaning of the Lingnan Logo

The mountain, river, trees and path illustrated in the University logo each symbolise a profound principle:

- The White Cloud Mountain depicts the highest aspiration in life;
- The Pearl River represents the wide dissemination of Lingnan education;
- The lychee trees - with ripe fruit hanging in clusters - represent the commitment to realise

the precept "For God, for Country, and for Lingnan";

- The path represents the road to the future by virtue of hard work;
- The panoramic view of the campus in the emblem 'reminds alumni and friends of Lingnan of their loyalty wherever they may be. The red and grey colours of the emblem help nourish the sentiment; they are "blood-red and iron-grey", symbolizing loyalty and steadfastness. The red and grey reflect the Lingnan spirit, a spirit inspiring them to lay the foundations for a splendid future forever¹.

An application for refund of the deposit must be made within one year after a student leaves the University. Otherwise, according to the practice of the University, the full amount of the deposit or the balance left is forfeited.

For students who graduate, the deposit or the balance left is not refunded but is transferred to pay part or all of the graduation fee.

Where there is an unpaid account due to the University after netting off the deposit, students should fully settle the amount before graduation.

3.10.3. Graduation Fee

A graduation fee of HK\$600 is payable upon approval for graduation. In accordance with

the practice of the University, the full amount or the balance of the deposit paid on first registration is used to pay this graduation fee. Where the balance is insufficient to pay the entire HK\$600, a student must pay the difference before the degree is awarded.

3.10.4. Transcript Fee

The University will provide one copy of the transcript free of charge to every student upon graduation.

4. Assessment, Examination and Graduation Regulations

4.1 Course Assessment

4.1.1. Outcome-based Approach to Teaching and Learning (OBATL)

- Lingnan University has put in place effective mechanisms to assure and enhance the quality of its education with a view to achieving the **graduate attributes** and **learning outcomes** exemplifying the qualities expected of Lingnan graduates.
- OBATL is grounded in a set of pedagogical and institutional values and principles that articulate clearly stated “intended learning outcomes” (ILOs) with a set of assessment tasks (methods) for measuring them.
- OBATL requires that assessment processes be based on **clearly expressed criteria** which are then used for determining the final grade (criterion-referencing).
- In other words, students are graded on the basis of attaining well defined learning outcomes (i.e., knowledge, skills, attributes criteria) **rather than how they compare with their peer group** (norm-referencing).

4.2 Grading System

Letter grades are used to indicate a student's academic performance in a course.

Grades are awarded according to the following system:

Grade	Standard	Sub-divisions	Grade Points
A	Excellent	A	4.00
		A-	3.67
B	Good	B+	3.33
		B	3.00

		B-	2.67
C	Fair	C+	2.33
		C	2.00
		C-	1.67
F	Failure	F	0
I	Incomplete		0*

*Not included in the calculation of grade point average.

- Grade I is a temporary grade which indicates that the course work or examination has not been completed for reasons acceptable to both the teacher and the Board of Examiners concerned. The assessment should be completed within four weeks after official release of the preliminary assessment results, and the grade I will be converted to a final grade which includes all assessment marks; otherwise, the grade I will be converted to grade F. The final grade will be used in the calculation of grade point averages.
- A Pass or Fail grade may only be given as specified in the approved syllabus of the course concerned.

4.3 Grade Point Average (GPA)

4.3.1. Term G.P.A.

This is a figure ranging from 0 to 4.00 (A = 4.00) used to indicate the performance of a student in the term concerned.

Term G.P.A.

$$= \frac{\text{Total weighted points for all courses enrolled in during the term concerned}}{\text{Total number of credits* enrolled in during the term concerned}}$$

4.3.2. Cumulative G.P.A.

This is a figure ranging from 0 to 4.00 (A = 4.00) used to indicate the overall performance of a student in all the terms up to date.

Cumulative G.P.A.

$$= \frac{\text{Total weighted points for all}^{\wedge} \text{ courses enrolled in}}{\text{Total number of credits}^* \text{ enrolled in for all terms}}$$

* credits of relevant courses only

[^] with exception as stipulated in the paragraph below

- Courses enrolled, whether passed or failed, will be taken in the calculation of Term or Cumulative G.P.A., but for courses which have been retaken, only the grade and weighted points obtained in the final attempt will be included in the G.P.A. calculation.
- Courses which are exempted are not included in the calculation of Term or Cumulative G.P.A.

4.4 Student Progression

- Students are required to achieve a cumulative G.P.A. of 2.50 or above in order to proceed to the next term. The Board of Examiners shall, at the end of each term, recommend whether each student is:
 1. eligible for progression towards an award;
 2. eligible for an award; or
 3. required to withdraw from the programme.

- A student will normally progress unless he/she falls within the following categories, any of which may be regarded as grounds for withdrawal from the Programme:
 1. the student cannot attain a Cumulative G.P.A. of 2.50;
 2. the student has exceeded the maximum period of study, which is 3 years for the MSc; or
 3. the student will be unable to attain a Cumulative G.P.A. of 2.67 at the end of the Programme.
- However, to enhance support for a student with potential study problems, the Programme Curriculum Committee (PCC) of the programme will give an early warning/advice to the student or may have a special consideration for the student's chance of study continuation, which depends on the conditions specified below.
 1. If a student's Cumulative G.P.A. is equal to or greater than 2.50 but smaller than 2.67 (which is the minimum G.P.A. requirement for graduation), then the PCC of this MSc Programme should give an early warning/advice to the student.
 2. If a student's Cumulative G.P.A. is smaller than 2.50 but equal to or greater than 2.33 (equivalent to "C+"), then the PCC of this MSc Programme may have a special consideration for the student's chance of study continuation. Here, the cumulative G.P.A. of 2.33 is regarded as the minimum Cumulative G.P.A. threshold for special consideration for a chance of continuation.
 3. If the student satisfies the Cumulative G.P.A. requirement for special consideration, then the student can apply for an interview to be conducted by the Associate Director of Taught Postgraduate Programmes Office, who will closely consider the student's eligibility for continuation and then report their recommendation to the Board of Examiners for the MSc Programme. The Board of Examiners will make a decision on the marginal case and report their thinking and decision to the University's Postgraduate Studies Committee (PSC) for information, or make recommendations on the marginal case for special consideration by the PSC for a chance of continuation. If approved by the PSC, the student who is given a chance of continuation will be put on academic probation in the following term, the academic probation will be lifted if he/she obtains a cumulative G.P.A. of 2.50 or above.

4.5 Graduation Requirements

- A student will be evaluated for graduation at the conclusion of the term in which he/she may satisfy all the conditions for an award. If a student is not allowed to graduate, he/she will be re-evaluated for graduation at the end of subsequent terms.

- The student should have fulfilled all graduation requirements stipulated in the curriculum of his/her programme. The University reserves the right to make amendments to academic programmes from time to time as approved by the Senate.
- For graduation, students are required to complete a total of 10 courses of 30 credits as specified in the programme curriculum, including "required" and "elective" courses.
- The Cumulative G.P.A. that a student should have obtained for graduation shall not be below 2.67.
- A student is required to graduate as soon as he/she satisfies all the conditions for an award.
- A student may graduate upon completion of all requirements at the end of any term in an academic year, although the conferment of awards is held annually.
- A student's eligibility for graduation is subject to Senate's approval.

4.6 Intermediate Award

- Students will be awarded a Postgraduate Diploma in eBusiness and Supply Chain Management if they cannot meet the requirement(s) for graduation with a MSc degree. Specifically, to qualify for the award of the Postgraduate Diploma in eBusiness and Supply Chain Management issued by Lingnan University, students must complete any four required courses with a Cumulative G.P.A. that is equal to or greater than 2.33.
- Acceptance of an intermediate award implies an intention not to complete the final award. Where students seek re-admission to complete the award, re-admission cannot be guaranteed. Where students are re-admitted and go on to complete the award, their transcripts will indicate that the intermediate award has been superseded.
- A student's eligibility for this intermediate award is subject to Senate approval.

4.7 Award Classification

- A student who has fulfilled all the requirements for graduation will be awarded a MSc degree with one of the following classifications:

Degree Classification	Minimum Required	Cumulative	G.P.A.
Distinction	3.50		
Pass	2.67		

- These classifications are given according to the student's Cumulative G.P.A.
- There is no classification for an intermediate award.

4.8 Supplementary Assessment

- A student who fails to attend a test or an examination without a good reason will not be given marks for that test or examination and no supplementary assessment will be given.
- A student who is unable to sit for an examination but has medical or other compelling reasons acceptable to the Academic Unit responsible for the course concerned may apply in writing with documentary evidence to the Academic Unit concerned for a supplementary assessment. The application should be made at the earliest possible moment and no later than one week after the examination concerned was held.

4.9 Appeal

4.9.1. Review of Grades and Reassessment

- A student unsure of how a course grade has been calculated is encouraged to seek an explanation from the course instructor.
- The course instructor should provide the information which may include an explanation of the criteria used in marking individual assessment tasks and/or a confirmation of the

scores and weightings on which the course grade is based.

- A student may appeal through the concerned Academic Unit for a review of grades, or for a reassessment.
- For review of grades, the original calculation of marks would be checked but no remarking would be done.
- For reassessment, the student is required to explain briefly why he or she believes the original grade is unfair, and the final exam will be graded again.
- No personal lobbying by students is permitted and failure to comply with this requirement will result in the appeals being rejected.

4.9.2. Discontinuation of Studies

- A student whose studies are discontinued at the University due to unsatisfactory academic performance or progression may appeal in writing through the Registrar against the decision.
- All the necessary supporting documents shall be enclosed.
- The Discontinuation Appeals Panel is empowered by the Senate to decide on the case, mainly on grounds of extenuating circumstances that affected the studies of the appellant and/or procedural problem(s) in the assessment process.
- The decision of the Panel will be final.

4.10 Course Attendance Requirement for Examination

Students are expected to attend classes and other class activities punctually and regularly, to the satisfaction of the lecturers of courses. Each course may have specific requirements for student attendance. Appropriate sanctions, where necessary, would be approved by the Board of Examiners concerned.

4.11 Re-taking a Course

- A student must retake a failed required course or take a substitute course approved in writing by the Programme Office concerned.

- A student may retake a required course passed with grade C+ or below or take a substitute course approved in writing by the Programme Office concerned.
- A student who has failed an elective course or passed the elective course with grade C+ or below may retake it or substitute it with another elective in a subsequent term. Students are required to register the substitution with the relevant Programme Office prior to commencement of the term.
- A student may retake a course only twice. Course grades for all attempts, inclusive of any course substitute, will appear on the student's transcript, but only the final grade and weighted points obtained will be taken in the calculation of the student's G.P.A.s, and only the credits for the final attempt will be counted towards fulfilment of graduation requirements.
- A student may retake only two courses passed with grade C+ or below.
- A student shall be charged additional tuition fees for retaking a course, in an amount to be determined by the Programme Office concerned.
- A student is not allowed to retake any credit bearing or non-credit bearing courses which he/she has previously taken and passed with B- or above.

4.12 Academic Dishonesty

Academic dishonesty and plagiarism will automatically result in a failing grade. Acts of academic dishonesty include, but are not limited to, the following:

- using the exact words of a published or unpublished author without quotation marks and without referencing the source of these words;
- duplicating a table, graph or diagram, in whole or in part, without referencing the source;
- paraphrasing the conceptual framework, research design, interpretation, or any other ideas of another person, whether written or verbal (e.g., personal communication, ideas from a verbal presentation) without referencing the source;

- accessing test prior to the time and date of the sitting;
- changing name or answer(s) on a test after that test has been graded and returned; or
- submitting the same paper or portions thereof for more than one assignment, without discussions with the instructor(s) involved.

4.13 Plagiarism and Online Tutorial on Plagiarism Awareness

4.13.1. What is Plagiarism?

Plagiarism is using others' ideas and words without clearly acknowledging the source of that information.

4.13.2. Avoid Plagiarism

To avoid plagiarism, much credit should be given whenever using another person's idea, opinion, or theory; any facts, statistics, graphs, drawings – any pieces of information that are not common knowledge; quotations of another person's actual spoken or written words; or paraphrase of another person's spoken or written words. "Turnitin" is the anti-plagiarism software, acting as a mandatory platform for submitting written assignments for all courses to help check against plagiarism and as a self-learning tool for students.

4.13.3. Online Tutorial on Plagiarism Awareness

In order to enhance students' understanding of plagiarism, all new students, including senior years admittees, starting from 2016-17 intake are required to complete an online mini-course entitled 'Online Tutorial on Plagiarism Awareness' by the end of Term 1 of their first year of studies in Lingnan.

The Online Tutorial on Plagiarism Awareness is an hour long and consists of video and

exercises. Students can access to it at the Lingnan Portal or via TLC webpage at: <https://www.ln.edu.hk/tlc/support-for-students/avoiding-plagiarism>. Completion will be indicated by ticking a check-box at the end of the course. The evidence is disseminated to appropriate groups and/or individuals. The information gathered demonstrates that the development of Lingnan University Graduate Attributes is highly correlated with the academic experiences of students, particularly in the realm of development of critical thinking skills, interpersonal skills, self-managed learning, and problem-solving skills. There is also substantive evidence indicating that the unique nature of the Liberal Arts philosophy, the small class sizes and close teacher-student relationships are seen by many students as some of the most important and defining features of their university experiences. In addition, the co-curriculum is evaluated on an annual basis and provides further evidence of how students value the breadth of experience provided by the University.
